49ERS IN THE COMMUNITY

For decades the San Francisco 49ers have demonstrated their commitment to the community through their support and funding of youth education, leadership development programs, youth fitness and volunteerism in neighborhoods throughout the San Francisco Bay Area.

San Francisco 49ers Foundation: Keeping Bay Area kids safe, on track and in school

The San Francisco 49ers Foundation is the non-profit community funding arm of the San Francisco 49ers. Now in its 16th year, the San Francisco 49ers Foundation supports development programs for underserved youth that keep them safe, on track and in school. A significant portion of its funding goes towards family violence prevention programs and activities that teach youth leadership and respect. Under the direction of team co-owners Denise and John York, the 49ers Foundation has raised and distributed more than \$5 million to non-profit organizations over the last five years, making it one of the premier foundations in the National Football League.

49ers Community Outreach: The 49ers RESPECT CAMPAIGN

Two seasons ago the 49ers took a stand in the community advocating the value of Respect through a new outreach campaign created to target youth in the Bay Area. The Respect Campaign leverages the power of the 49ers brand and its players to demonstrate the importance of respect and its central role in helping young people become good community citizens. Continuing this year, the 49ers organization will take part in a variety of volunteer events to reach out to youth and impart the value of respect in three important areas of their lives: families, school and communities.

Team Impact in the Community

In 2007, the 49ers participated in a total of 170 community events donating more than 3,500 hours of volunteer time. Over 300,000 people in the Bay Area were directly impacted by the 49ers community and foundation outreach efforts last season.
